

ELIAS MUTUGI

PROFESSION SUMMARY

I am a motivated and detail-oriented **ICT professional** with hands-on experience in system maintenance, software installation, and web development. I specialize in backend development using PHP, and have strong skills in HTML, CSS, and JavaScript. I am also proficient in troubleshooting Windows systems and performing routine technical support.

In addition to my technical skills, I have experience as an **ICT trainer and classroom teacher**. I plan and deliver engaging ICT lessons, integrate technology in learning, and assess student progress effectively. I strive to make ICT concepts practical and accessible to learners of different abilities.

Beyond the classroom, I am passionate about **youth development**. I participate in character coaching, scouting, and extracurricular programs like badminton. My goal is to inspire and guide students not just academically, but also in building confidence, discipline, and leadership skills.

CORE SKILLS

- **Programming:** Scratch, PHP, C, C++, C#, Java, Pascal, VB, Python, Android Studio
- **Databases:** MySQL, MS Access, SQL
- **Operating Systems:** Windows (Server 2003, XP, 7/8/10/11), Linux, macOS, UNIX/Solaris
- **Publishing & Design:** Adobe Acrobat, Photoshop, Illustrator, MS Publisher
- **Technical Skills:** PC maintenance, networking, software installation, troubleshooting, system optimization

Education & Teaching:

- ICT lesson planning and delivery
- Learner-centered instruction methods
- Assessment, marking, academic reporting
- Digital learning tools & classroom technology integration
- Character building and mentorship (K4 coaching)

Design & Communication:

- Adobe Photoshop, Illustrator, Acrobat, MS Publisher
- Strong verbal and written communication
- Digital literacy & content development

PROFESSIONAL EXPERIENCE

Mustard Seed International Schools – ICT Teacher

July 2025 – Date

- Teach ICT across multiple year groups following the Cambridge International Curriculum, ensuring lessons align with learning objectives and assessment standards.
- Design and deliver engaging, practical lessons that develop students' digital literacy, computational thinking, and problem-solving skills.
- Plan schemes of work, lesson plans, and assessment activities in line with school and Cambridge requirements.
- Integrate technology across subjects to support digital learning and creativity among students.
- Conduct formative and summative assessments, record grades, and prepare detailed progress reports for students.
- Provide technical support to staff and learners, including troubleshooting software and hardware issues.
- Maintain and update school ICT equipment, computer labs, and classroom technology to ensure smooth operation.
- Collaborate with colleagues on interdisciplinary projects and whole-school digital initiatives.
- Participate in school events, clubs, and ICT-based extracurricular activities to promote digital learning.
- Uphold school values and contribute to the holistic development of learners through mentorship and guidance

St. Dominic Savio Catholic School – ICT Teacher

September 2023 – July 2024

- Delivered engaging lessons in ICT and other curriculum areas to learners.
- Integrated technology into teaching and assessments.
- Prepared academic records and reports for student progress.
- Led extracurricular programs including **K4 character coaching** and **school scouting** activities.
- Coordinated school IT systems and supported staff with troubleshooting needs.

HUGS Organization – Volunteer Research

August 2024 – Present

- Data collection and analysis for research projects related to mental health awareness.
- Developed and managed digital systems to organize research findings efficiently.
- Supported the automation of report generation, ensuring accurate documentation of research outcomes.
- Conducted online research, literature reviews, and data validation for various mental health topics.
- Collaborated with team members to enhance digital outreach strategies for mental health advocacy.

National Health Insurance Fund (NHIF) – ICT Attachment

Feb 2024 – April 2024

- Provided customer support services, including member registration and biometric registration.
- Assisted in computer networking, system maintenance, and software troubleshooting.
- Handled data entry and system updates for members' records.
- Conducted basic computer repairs and maintenance to ensure smooth operations.

Kenya Literature Bureau (KLB) – ICT Attachment

July 2022 – November 2022

- Installed and configured software applications for office use.
- Managed computer networking and troubleshooting connectivity issues.
- Performed computer repair and maintenance to minimize downtime.
- Provided technical support and training to employees on ICT systems.

EDUCATION

Nairobi Technical Training Institute (2021 – 2024)

Diploma in Information Communication Technology

Nairobi Technical Training Institute (Jan – May 2023)

ICT Trainer

Wachoro Secondary School (2017 – 2020)

Kenya Certificate of Secondary Education (KCSE)

ADDITIONAL SKILLS

- Leadership & Voluntary Teaching
- Strong Communication & Interpersonal Skills
- Team Collaboration & Time Management
- Debugging & Code Reviews
- Cloud Computing & Cyber security Basics
